

OCEANIC

EVERY DAY | EVERY DIVE™

2026 BUYER'S GUIDE

**WHERE DIVING HAPPENS,
YOU'LL FIND US.**

OCEANIC

EVERY DAY | EVERY DIVE™

Oceanic provides modern, reliable, accessible, and easy-to-use dive equipment to recreational divers so they can focus on what matters most: exploring the underwater world and appreciating the wonders of marine life. When industry-pioneer Bob Hollis founded Oceanic in 1972, he committed to making innovative, reliable dive equipment accessible to every diver, everywhere. This philosophy is woven into everything we do and is the foremost reason we are considered a best-in-class, recreational dive brand.

Designing reliable and easy-to-use dive equipment is our heart and soul. Day in, day out, we are thinking, developing, building, and testing the products that make diving better. Our team doesn't just use our products; they feel responsible for them.

Oceanic is a global dive leader that appeals to all levels of divers who are seeking a brand that will support their discovery of the best sport in the world. Wherever diving is available, Oceanic is there.

OCEANIC+ DIVE HOUSING

YOURDIVEYOURSTORY

Now you can use your iPhone as both an underwater camera and dive computer!

Oceanic+ Dive Housing allows you to take great photos with automatic color correction on your iPhone whether diving, snorkeling, paddling, or playing in the water. With the included Retrofit Kits, the Dive Housing can be used with iPhone 16 Pro Max, iPhone 17 Pro, Pro Max, and Air.

With the Oceanic+ app and Dive Housing, your iPhone also becomes a fully functional dive computer, certified to EN13319 which is the internationally recognized standard for scuba diving gauges.

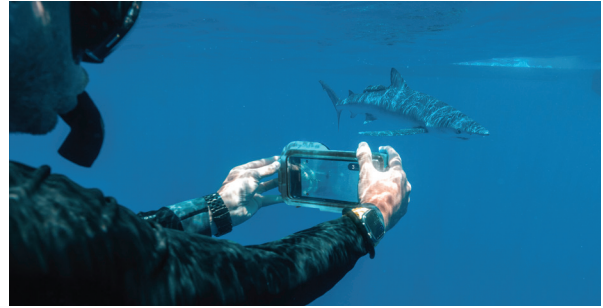

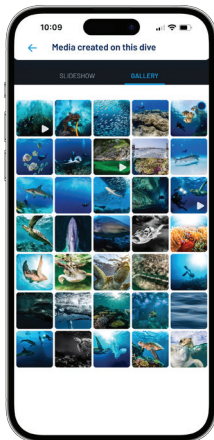

One app, one subscription, now up to three devices! With the Oceanic+ app, you can use the same subscription for your Dive Housing and Apple Watch Ultra while diving, and now the Series 10 watch for snorkeling. This allows you to have multiple units sharing one subscription to save you money, and provides greater redundancy.

Color	Great White
Weight	2.15 lb/975 g
Dimensions	9.7 in W x 4.4 in H x 2.7 in D (24.6 cm W x 11.2 cm H x 6.9 cm D)
Operating Temp Range	39° F (4° C) - 95° F (35 °C). **Never exceed the minimum or maximum operating temperature of your iOS device.

PHOTOS & VIDEOS

- Advanced Photo and Video Features, Including Digital Color Correction Filters for the best images possible
- Camera modes, both photo and video
- Pictures are saved directly to your iPhone Photos App
- Enhanced pictures with Dive Data
- Share photos and profiles through social networks
- Works with ultra-wide lens features on iPhones
- Photos and videos are automatically added to your Oceanic+ Logbook
- Capture RAW and Compressed Media
- White point correction for depth-adaptive adjustments
- Enhance color accuracy with the Underwater Light setting

DIVE HOUSING

- Step-by-step setup instructions in the Oceanic+ app
- Automatic Vacuum Pump with Seal Check
- Integrated Leak Detector
- Integrated Depth and Temperature Sensors
- Maximum Operating Depth 196 feet (60 meters)
- Durable Material
- Rechargeable Lithium Battery via Included USB-C
- Electronic Bluetooth® Interface
- User Interface Controlled by Directional Pad Controller
- Ergonomic Over-molded Handle for Excellent Grip
- Includes a Thermoformed Travel Box
- Compatible with devices that run iOS 18.1 and newer, from the iPhones SE 2nd gen and newer
- Standard Accessory Attachment for 1/4" – 20 UNC Thread (Right)
- Wrist Lanyard Included

DIVE COMPUTER

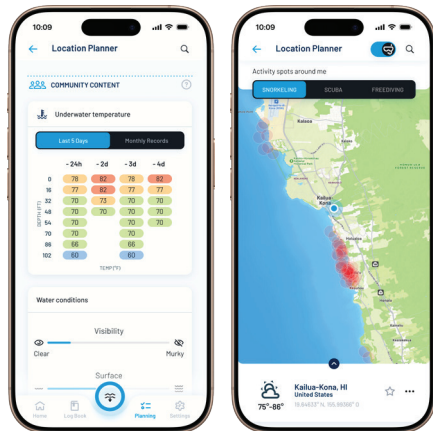

- Screen blurred when taking pictures or video
- Dive Log Synchronization between devices
- Variometer (Ascent Rate)
- Maximum Operating Depth of 196 feet (60 meters)
- Time
- Minutes to Surface
- No Decompression Time
- Safety Warnings
- Safety Stop
- Time To Surface
- Decompression mode if activated
- Air or Nitrox ready up to 40%
- CNS + PPO2
- Pre-dive Menu
- Tilt compensated digital compass
- GPS Location
- Total Dive Time
- Max Depth + Average Depth
- Conservatism Settings (0, 1, 2, Custom)
- Gradient Factors Using Unmodified Bühlmann ZHL-16C Algorithm
- Automatic Adjustment for Altitude
- Surface Intervals
- No Fly Time
- Logbook for scuba diving and snorkeling
- Gear Locker
- Share Your Dive w/ friends
- Surface Mode
- Lifetime Stats, Season Stats and Stats by Activity

FEATURES OF OCEANIC+ WITH DIVE HOUSING:

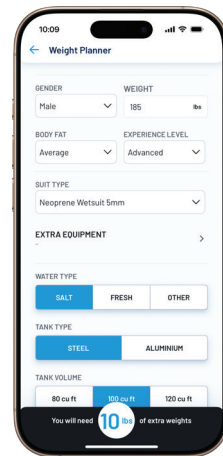

LOCATION PLANNER & HEAT MAP

Updated map feature for exploring popular dive sites through a visual heatmap. Includes a manual search option and interactive map for location selection

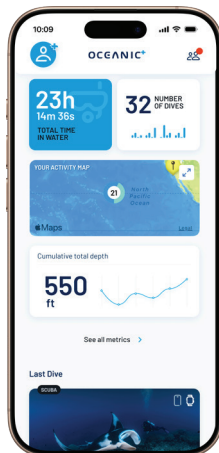

WEIGHT CALCULATOR

This feature helps you plan what weights are needed based on equipment, location.

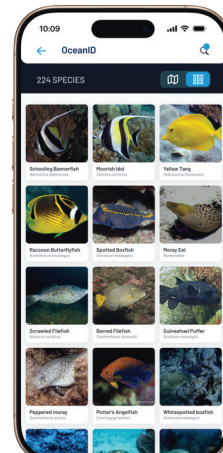

ACTIVITY MAP

See all your dives in one location on the app.

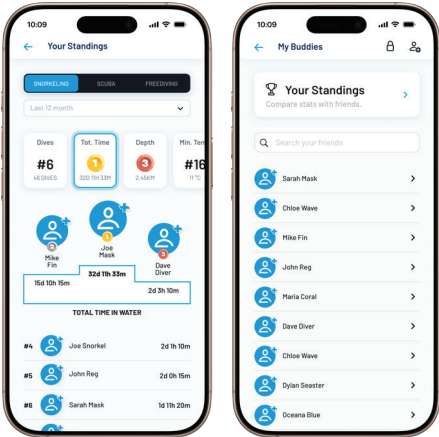

OCEANID

New feature for subscriptions to discover marine life at local dive sites and increase awareness of the underwater ecosystem.

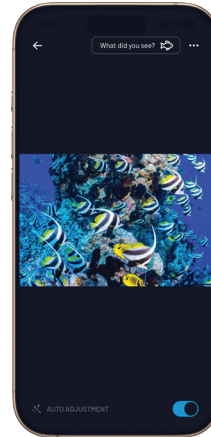

BUDDIES FEATURE

With the new buddies feature, share your recent activities, compare stats, track activity side by side, and stay connected.

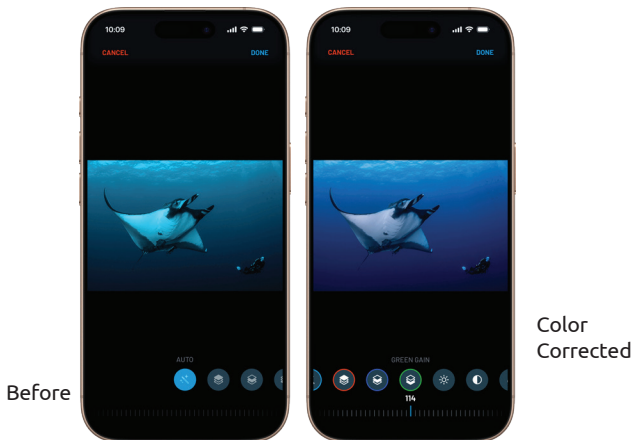

FREE MEDIA EDITING

Free version of Oceanic+ includes ability to save media to your dive logbook and auto color correct photos and videos.

ADVANCED COLOR-CORRECTION (WITH PAID SUBSCRIPTION)

With the Oceanic+ app, you can color-correct images and videos easily with the automatic color-correction as well as the advanced color-correction tools.

SHARE YOUR IMAGES WITH YOUR DIVE PROFILE OVERLAYED

Tell your dive story by sharing your images and dive profile with your family and friends.

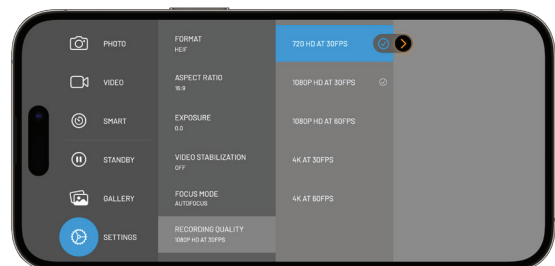

ENHANCED PHOTO MANAGEMENT

New gallery design with intuitive gallery, including a favorites section and all media for quick editing and sharing of photos with friends

CHOOSE VIDEO RECORDING QUALITY

The video option on Oceanic+ offers various format options, ranging from classic HD at 30 and 60 frames per second up to 4K. Resolution depends on the iPhone model being used.

OCEANIC+ DIVE WATCH BANDS

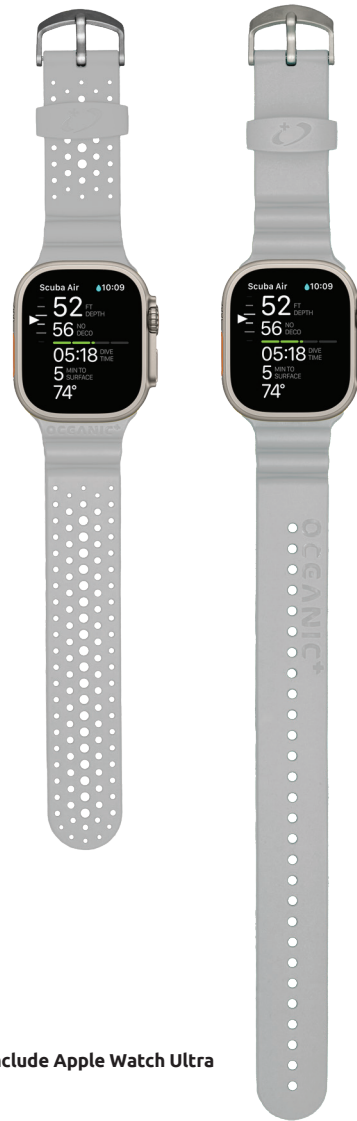

Ready to customize your new Apple Watch? Oceanic+ strap kits are a stylish and functional dive specific watch band for both dive use and daily wear. This 45mm band includes features serious adventurers need, such as depth compensation and silicone materials for comfort in and out of the water which is easy to clean after the dive. Each box comes with two watch bands – one for every day, one for every dive. Available in 6 different color options to personalize your Apple Watch Ultra or Series 10 (46mm only) and match other Oceanic equipment.

Color options: Aqua, Black, Great White, Petrol Blue, Pink or Yellow

Come with two full watch bands - 1x Every day; 1x Every Dive

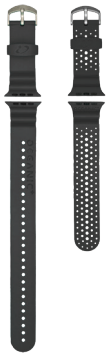

Brushed stainless metal hardware

Compatible with 45mm Apple Watch Ultra series and Series 10 (46mm only)

*Does not include Apple Watch Ultra

DIVE HOUSING LENS PROTECTOR KIT

This Lens Protector Kit is designed specifically for the Oceanic+ Dive Housing to protect the clear polycarbonate lid

Prevents scratches, fingerprints, and repels water - 100% waterproof

2x screen protectors + 2x accessory kits including applicator, alignment tool, and cleaning wipe included

Supplied with instructions and installation tools to ensure a proper fit and long-term use

RETROFIT KIT

This easy-to-install kit includes a redesigned two-part USB-C cover that replaces the existing cover, allowing seamless compatibility with the iPhone 16 Pro Max or iPhone 17 Pro, Pro Max, and Air. Installation is quick and straightforward—just remove the original USB-C cover and install the new one in its place.

OCEANIC+ CONSOLE

Want to add tank pressure monitoring next to your Apple Watch Ultra? Our unique Oceanic+ console keeps your watch safely secured next to your pressure gauge information, so everything is in one location and easy to operate and track during the dive.

Submersible pressure gauge reads up to 5,000 psi (400 BAR)

Universal design compatible with several Oceanic wrist computers (ex. All Geo or similar size)

PSI and BAR versions available

32 in (81 cm) HP Miflex hose included (also compatible with rubber hose)

Nitrox compatible to 40%

Available in both PSI and BAR

ZEO ^{CE}

DESIGNED FOR DEPTH

The pneumatically-balanced ZEO is an engineering marvel of precision, durability and comfort. Its durable chrome-plated marine brass metal valve delivers a phenomenal breathing experience, improves cold-water performance and helps recirculate moisture from exhalation to prevent dry mouth. The breathing adjustment gives the diver a wide range of control to precisely set airflow throughout the dive.

The ZEO comes standard with an in-line hose swivel, inhalation effort control, dynamic adjustment technology dive/pre-dive switch and a super comfortable orthodontic mouth piece featuring an inline ball swivel on the hose connection to eliminate the binding that can cause jaw fatigue.

The cold-forged, over-balanced diaphragm FDX-i 1st stage is environmentally sealed. The in-line design limits the pressure loss inherent in "L" type 1st stage designs making the FDX-i more efficient and lighter due to its compact form.

Valve Type	Demand
Adjustment(s)	A.V.S. (pre-dive) & Flow Adjust

DELTA 5 ^{CE}

READY FOR ANYTHING

The Delta 5 is the next step in a long line of remarkably reliable, durable and smoothly breathing regulators to carry that name. Sure, we've given it an updated look, but that's not all. Like the Delta's before it, the 5 comes standard with our Dynamic Adjustment Technology, dive/pre-dive controls and a super comfortable orthodontic mouthpiece. Unlike its predecessors, the Delta 5 has an all metal pneumatic valve, providing super smooth breathing performance in any condition. We have also added a heat exchanger, positioned on the hose connection to the 2nd stage, to further increase its already stellar cold water performance.

We've paired the Delta 5 with the eDX. This top-of-the-line, over-balanced diaphragm 1st stage is environmentally sealed and comes with 4 low-pressure and 2 high-pressure ports. It also comes equipped with a heat exchanger for added cold water performance.

DELTA 5 (SECOND STAGE) Available in Black or White	
Adjustments	Dive/pre-dive switch & Dynamic Adjustment Technology

ALPHA 8

PROFESSIONAL PERFORMANCE AT AN ENTRY-LEVEL PRICE

The Alpha 8 is the top-performing regulator in its class, and one of the most affordably-priced regulators you can buy. If you believe that you shouldn't have to sacrifice performance for price, the Alpha 8 Sport is for you. The Alpha 8 Sport is the top-performing regulator in its class, and one of the most affordably priced regulators you can buy.

Valve Type	Demand
Integrated Purge Button	✓
Mouthpiece	Orthodontic
Nitrox Compatibility	Standard to 40% (outside EU)
Weight (without hose)	6 oz (170 g)
Dimensions (front profile)	2.9 in (7.4 cm)
1st Stage Configurations	SP-5
Minimum Cracking Effort	1.1 CIW
Factory Set Inhalation Effort	1.2—1.4 CIW
Work of Breathing	1.47 Joules (SP-5)
Service Interval	2 Year, Required

Best Price / Performance ratio in its class

Not only is the Alpha 8 an economical buy for the diver on a budget, it is just as inexpensive to maintain. Standard replacement parts can cost as little as half of those in other regulators in its class.

Patented orthodontic mouthpiece

To further reduce jaw fatigue, the Alpha 8 features a patented Orthodontic Mouthpiece, designed to accommodate the natural overbite of the human jaw.

Nitrox Compatibility

The Alpha 8 is classified as being suitable for use with nitrox breathing gas mixtures containing up to 40% oxygen by volume without the need for special preparation, cleaning or component parts.

SP-5 Sport Piston First Stage

The SP-5 offers all divers the opportunity to own a top-performing regulator at an unbeatable price. Repeatedly rated as the best in its class, the Alpha SP-5 exceeds both Navy Class A and European CE standards. The Alpha SP-5 may have been the first regulator you ever used due to its widespread use in rental and resort operations.

DIVERLOG+

ULTIMATE SIMPLICITY AND CUSTOMIZATION

Diverlog+ offers the ultimate in customization and connectivity for your Oceanic computer. Using your mobile device you can quickly adjust your dive computer settings or download your dives and share your underwater experiences with friends. Diverlog+ is available for iOS and Android and compatible with any Bluetooth enabled Oceanic computer including the PPX, Proplus 4.0, Geo 4.0, Geo Air and Veo 4.0.

WHAT YOU GET FOR FREE

Record all of your dive data, locations, tank types and sizes, elapsed dive times, no deco times, and even your dive computer settings

Record, log, view and share your dives on your mobile device

Store, share and sync your dives with our online DiveCloud

Keep track of your data and search your log using the powerful DiverLog+ query feature

Simulate your dives in real time

Add and register multiple dive computers

View, edit and manage dive buddies and contacts

View, edit and manage dive gear

View dive data in graph or tabular format

Share your dive experience with your friends using the social sharing feature

Export your dives in DL7 standard format

DiverLog+ is currently available for Mac OSX 10.7, IOS 6.0, & Android 4.3 or higher. Visit eDiverLog.com for more information.

QUICK AND EASY ADJUSTMENTS ON THE GO

The DiverLog+ App lets you plan and analyze every dive. Geo 4.0, Geo Air, Veo 4.0 and Proplus 4.0 all connect via Bluetooth to the DiverLog+ App, so divers can conveniently and quickly adjust all of their settings pre-dive and manage or download profiles post-dive. You can adjust the dual Nitrox mixes (both programmable to 100%), switch the patented Dual Algorithm™ (with optional conservative factor settings), adjust gas mixes, user display and alarms, all on the go pre- and post-dive. Bluetooth also allows for auto firmware updates without cords.

PRE-DIVE

- Plan with alerts for time and depth
- Select your gas mixes from your smartphone
- Search previous dives based on max depth, time, location or mode
- Manage favorite dive spots and locations
- Edit and manage your dive gear
- Sync with DiveCloud and DiverLog for Mac/Windows

POST-DIVE

- Download your dive instantly to your smartphone
- View your most recent dive profile and information
- Add photos and videos to remember those fun times!
- Share photos and videos on social media
- Search and filter by location, dive type or depth
- Access all dive history and data
- View Dive Computer Connectivity Map

PROPLUS 4.0 CE

BIGGER, BETTER, BLUETOOTH

Bigger and better than ever, the ProPlus 4.0 features XL display and can be connected to your smartphone via Bluetooth for the ultimate in user experience and adjustability.

Using the free DiverLog+ App, divers can quickly adjust the dual Nitrox mixes (programmable to 100%), switch the patented Dual Algorithm with optional conservative factor settings, gas mixes, and user display and alarms, all on the go from their smartphone.

GEO AIR ^{CE}

DIVE WIRELESS. TRACK EVERYTHING.

Featuring wireless air integration, the Geo Air also has a large, legible display, our patented Dual Algorithm™, five optional color straps, plus Bluetooth connectivity to all smartphones through the DiverLog+ App. Beginner to experienced, shallow to deep, divers of all stripes can use the Geo Air to progress their skills, review data, and dive anywhere, in style. See Instrument Parts & Accessories page for part numbers.

Modes	Watch, Air & Nitrox, Gauge, Freedive
Computer Type	Wrist watch
Bluetooth 4.0	Yes
Color	Black only (compatible with blue, yellow, aqua and white Geo 4.0 straps)
Wireless Air Integration	Yes - up to 3 transmitters
Firmware Update	Auto
Maximum Algorithm Depth	300 ft (100 m)
Altitude Adjustment	2000 - 14,000 ft (610 – 4200 m)
Decompression Capability	Variable, 3,3 – 9 m/min and 6,4 -18 m/min
Activation	Water Activation and Push Button
Decompression Display	Yes, Digital
Backlight	LCD Display
Alarms	Yes, visual and acoustic
Battery Replacement	User replaceable batteries
Battery Life	300 H
Log Entries	24 Dives / 99 Freedives
Interface	Bluetooth Connection to Diverlog+
Nitrox	Yes, 21-100 %
Changeable Gases	Yes, 3 Nitrox Mixes
Algorithm	Dual Algorithm (Pz+ And Dsat)
Tissue Compartments	12
Console	No
Warranty	2 Years

*Bundle includes Geo Air watch and HP transmitter

GIVE YOUR GEO A COLOR POP!

Personalize your Geo Air and match to your other Oceanic gear with any of the four stylish color straps for the Geo 4.0 computer: Aqua, Yellow, White and Blue. See Instrument Parts & Accessories page for part numbers.

PHOTON PRO

EVERY DIVE. YOUR STYLE.

Meet the **Photon Pro**—a feature-rich and highly capable BC for everyday diving adventures, streamlined comfort, and customization. Comfortable anywhere you dive.

With its robust yet sleek profile, the Photon Pro delivers exceptional stability, buoyancy control and comfort for the serious diver who demands performance on any dive. Featuring an all-new advanced back-inflation wing, and a modular and adjustable harness system with add-on capability, the Photon Pro is built to fit your body and elevate your experience.

SELLING POINTS

DESIGNED FOR PROS

Engineered for serious divers who regularly dive locally, the Photon Pro provides higher lift capacity, rugged durability, and customizable fit. It's the go-to platform for cold-water diving, carrying more weight comfortably, and adapting to any dive conditions.

QUICK TANK SWAPPING

The TankTamer Tank Band makes tank changes between dives fast, and transitions between steel and aluminum cylinders effortless.

MODULARITY REIMAGINED

Designed to evolve with the diver, the Photon system allows you to add color kits, accessory pockets, and even customize weight systems, no more compromises.

INFINITE ADJUSTMENT

Adjustment and positioning for a perfect personal fit. Independent harness positioning lets you fine-tune the feel and fit for your shoulders, hips, and back.

LOW PROFILE, STREAMLINED PERFORMANCE

Photon's compact back-inflation wing and lightweight backplate design makes packing a breeze, reduces drag underwater, and effortlessly improves horizontal trim underwater.

SERVICEABLE

The Photon ecosystem includes shared components and accessories that are interchangeable which allows easy and lower cost service if needed in the future.

FEATURES & BENEFITS

- **Back-inflation wing design** — Low profile and less bulk for a smooth profile and improved hydrodynamics in the water. Also makes the BC easier to fit into luggage.
- **Ergonomic harness and waist belt (Men's and Women's fit)** — Shoulder straps contoured for a gender-specific fit, with comfort lumbar support for long dives.
- **A.P.S "Adjustable Positioning System"** — Choose the shoulder connection to waist setting to fine tune the right fit for you.
- **Modular component interface** — Shared base components with your Photon family let you add or swap modules (pockets, clips, accessories) as needed.
- **Quick-release weight system** — QLR4 is secure, easy to operate; and integrates cleanly with the Photon BC profile.

WOMEN'S

MEN'S

- **Integrated modular attachment system** — Easily detachable and adjustable components such as shoulders and weight pockets are adaptable to the shared rigid Photon frame — no need to buy totally separate gear.
- **Platform designed for accessorizing** — Customize your perfect BC with the Oceanic Photon accessories such as the Dive Housing Holster, Utility Pocket, TankTamer stainless quick adjust tank band, and wide range of color kits to match your style.
- **Durable materials & construction** — Heavy-duty 420D nylon, Welded seam technology, and corrosion-resistant metal hardware built for the long haul.
- **Increased lift capacity** — Designed to handle heavier tanks and gear, so you stay effortlessly buoyant and balanced.
- **Efficient inflator design** — A compact, low-profile, no-fuss inflator with intuitive controls ensures easy inflation/deflation without bulk. Made to be replaced when service is needed.

A.P.S. - Adjustable Positioning System

Photon Pro with TankTamer

SIZING WALK-THROUGH

- **Each Photon BC has infinite size adjustments**, which allows you to easily tailor the BC to your exact body shape. This is especially helpful when changing from wetsuit to drysuit or vice versa.
- **Adjustable Shoulder and Waist:** Shoulders and waist feature infinite adjustment from XS to XXL for men, and XS to LG for women.
- **Gender Cut Differences:** The men's and women's shoulders are contoured specifically with a shoulder length and shoulder angle that better matches a men's or women's anatomical geometry — but all Photon BC's use the same core frame, so accessories are fully cross-compatible.

ACCESSORIES & ADD-ONS

Here are popular add-ons designed specifically for the Photon BC to complement and leverage its modular design:

- **Utility Pocket** — A low-volume pocket that mounts to any Photon, for storing small items (slate, light, etc.)
- **Dive Housing Holster** — Detachable pouch that supports the Oceanic Dive Housing in a way that is easily removeable and without adding significant weight.
- **Color Kits** — Accent kits that can be added to the Photon Pro or Air, in 5 available color options: Aqua, Black, Blue, Pink, and White. Includes shoulder epaulette, hose retainers, webbing retainers, zipper pulls, and matching wing bungee to make the Photon visually standout.
- **TankTamer Quick Release tank band** — Designed to keep the Photon BC stable and secure to your body when in the water. Comes standard on Pro models.

PHOTON AIR

EVERY ADVENTURE. YOUR STYLE.

Meet the **Photon Air** — an ultra-lightweight buoyancy solution that delivers pro-level performance and modularity in a travel-ready design, without the bulk.

The Photon Air is a compact, low-profile BC built for streamlined rear-inflation buoyancy control with minimal drag and weight. Its innovative modular central frame delivers the durability and expandability you expect from Photon, allowing accessories to be added as your diving evolves. Ideal for travel or day-boat diving, Photon Air keeps you agile wherever you dive.

SELLING POINTS

DESIGNED FOR TRAVEL

Lightweight and packable, the Photon Air is purpose-built for traveling divers.

QUICK DRY FABRICS

Photon Air is built to dry fast. Its innovative 3D mesh design maximizes airflow and water drainage, while advanced lightweight materials shed moisture quickly keeping the BC lighter between dives and more comfortable on the surface.

MODULARITY RE-IMAGINED

Designed to evolve with the diver, the Photon system allows you to add color kits, accessory pockets, and even customize weight systems, no more compromises.

INFINITE ADJUSTMENT

Adjustment and positioning for a perfect personal fit. Independent harness positioning lets you fine-tune the feel and fit for your shoulders, hips, and back.

LOW PROFILE, STREAMLINED PERFORMANCE

Photon's compact back-inflation wing and lightweight backplate design makes packing a breeze, reduces drag underwater and effortlessly improves horizontal trim underwater.

SERVICEABLE

The Photon ecosystem includes shared components and accessories that are interchangeable which allows easy and lower cost service if needed in the future.

FEATURES & BENEFITS

- **Back-inflation wing design** — Low bulk makes the BC easier to fit into luggage; smooth profile enhances hydrodynamic.
- **Ergonomic harness and waist belt (Men's and Women's fit)** — Shoulder straps contoured for a gender-specific fit, with comfort lumbar support for long dives.
- **Minimalist "Quick Dry" harness** — Streamlined and breathable shoulders, back pad, and hip pads make the harness low-bulk and quick drying mesh.
- **Travel-optimized weight system** — Lightweight 5 lb quick-release weight pockets + 5 lb trim-weight pouches offer fine-tuning of your buoyancy while keeping overall pack weight down.
- **Integrated modular attachment system** — Easily detachable and adjustable.

WOMEN'S

MEN'S

- **Components** such as shoulders and weight pockets are adaptable to the shared rigid Photon frame — no need to buy totally separate gear.
- **Platform-free designed for accessorizing** — Customize your perfect BC with the Oceanic Photon accessories such as the Dive Housing Holster, Utility Pocket, TankTamer stainless quick adjust tank band, and a wide range of color kits to match your style.
- **Light but durable materials** — Use of high-strength nylon 420D fabric for high UV and abrasion resistance. Molded nylon shoulder and hip D-rings and molded backplate – optimized for strength without unnecessary weight.
- **Efficient inflator design** — A compact, low-profile, no-fuss inflator with intuitive controls ensures easy inflation/deflation without bulk. Made to be replaced when service is needed.

HERA €

LADIES ONLY

The Hera BC from Oceanic comes standard with all the features and durability required of a high-end BC but is built from the ground up for ladies. The design also incorporates our patented Adjustable Positioning System, rugged yet lightweight materials, plenty of storage, and 30 lb (13.6 kg) of integrated weights into what may be the most comfortable, best fitting BC you'll ever wear.

QLR4 Patent 6,487,761

- Designed specifically for women divers
- Made of 1000D denier Cordura fabric in crucial areas
- Patented Adjustable Positioning System (A.P.S.) track
- Pre-bent welded stainless steel D-rings
- Reinforced contoured shoulders
- QLR4 Integrated Weight System 20 lb (9 kg) plus dual 5 lb (2 kg) trim
- Adjustable depth-compensating cummerbund
- Lift capacity: XS 25 lb (11 kg); SM 31 lb (14 kg); MD 35 lb (16 kg); LG 42 lb (19 kg)

ADJUSTABLE POSITIONING SYSTEM

The Hera BC incorporates our patented Adjustable Positioning System (A.P.S.) which guarantees the perfect fit for women of all shapes and sizes.

ATMOS

TWO-IN-ONE

The Atmos is a durably-constructed, full-featured hybrid air-cell BC. It's unique, hybrid rear-inflation bladder enables air to "shift," which provides maximum amount of lift and keeps you properly orientated on or below the surface.

20 lb (9 kg) of integrated weight in the Pinch & Release system and 10 lb (4.5 kg) for trim

Padded backplate features an extended lumbar support to transfer tank weight onto hips, relieving shoulder stress

Three over pressure relief valves optimize buoyancy control

Crucial areas constructed of 1000D denier Cordura fabric

Two large, zippered pockets with knife mounting grommets

Adjustable depth-compensating cummerbund

Lift capacity: SM 30 lb (13.6 kg); MD 35 lb (16 kg);
LG 45 lb (20 kg); XL 55 lb (25 kg)

OCEANSPORT ^{CE}

DIVING STARTS HERE

The Oceansport is ready for any dive, whether you are newly certified or a dive operator. Specifically designed to be the benchmark for rental and training operations which demand the ultimate in value and durability. The design and materials are based on our "bulletproof" Oceanpro BC, and feature a mixture of fade and abrasion resistant nylons for use in extended UV and chlorine environments.

8 sizes are easily identified on the outside of the jacket while stored in your rental department

Wide fit range, each has several adjustments including the cummerbund, waist strap and chest strap, for just the right fit

Includes octo and gauge pockets, as well as large hook-and-loop pockets on the sides for storage

Can be purchased as part of our "Operator Package" with our workhorse Alpha 8 regulator and octopus and Max Depth console, for an entry level package

Integrated backpack with carrying handle

Lift capacity: XXS 17 lb (7 kg); XS 18 lb (8 kg); SM 26 lb (12 kg); MD 31 lb (14 kg); LG 38 lb (17 kg); XL 44 lb (20 kg); XXL 52 lb (24 kg)

MANTA RAY ^{CE}

INSPIRED BY NATURE

Inspired by the ocean's most effortless swimmers, the Manta Ray fin was designed to replicate the bio-mechanics of marine animals. With advanced materials as strong as bone, Manta Ray provides maximum power, speed and efficiency while remaining lightweight and durable.

TECHNO-POLYMER BLADE Advanced material provides the strength of bone to maximize power, speed and efficiency, while being extremely lightweight and durable

POWER-X SYSTEM Revolutionary material acts as tendon and joint, optimizing propulsion by flexing during the downstroke and releasing stored energy prior to the upstroke

POWER CHANNEL The flexible material simulates the elasticity of skin by directing water flow off the back of the blade for increased thrust

SOFT-PAD HEEL STRAP A comfortable and ergonomic finger-loop which allows the fin to be easily removed and replaced, even with thick neoprene gloves

EASY BUCKLE ADJUSTMENT (EBA) Our unique EBA buckle adjustment system allows for more than 2 in (5 cm) of precise adjustments for a custom fit without tools

WINGLETS along the length of the blade increase efficiency and improve maneuverability

ACCEL ^{CE}

ONE FIN, ANY OCEAN

If you favor power over frills, you'll love the Accel. Compact and responsive, its clean lines and efficient shape make it an excellent all-around fin.

Unique, high-stretch heel straps are effortless to slip on and off and dramatically reduce the bulk and drag associated with typical open heel fins. The angled, compact blade has excellent water flow characteristics and also allows divers to swim efficiently with multiple kicking styles, from scissor to frog to sculling. The blade's center channel, along with pronounced side rails, also helps minimize "side spill," directing water behind the diver for maximum thrust.

Unique heel strap design is effortless to slip on and off

Minimize inventory and customize your Accel fins

Design offers excellent water flow characteristics

Center channel and side rails help minimize "side spill"

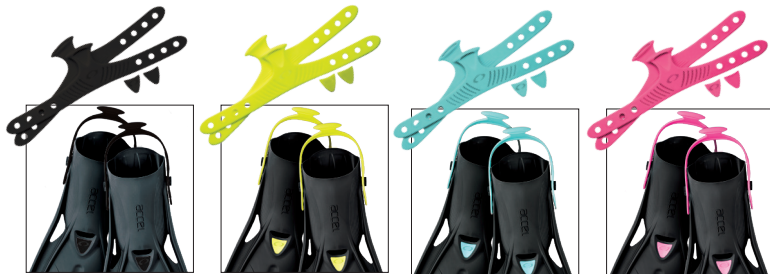

Less than 3 lb (1.4 kg) per pair

Maximum length only 21 in (53 cm) (size XL-XXL)

Accel fin comes in Black with Titanium Color Kit

ACCEL COLOR KITS

Customize your Accel fins with Color Kits from Oceanic. Available in six colors, utilize each easy-to-install color kit to match your gear, your mood or your dive.

ULTRA DRY 2 €€

This sleek ergonomic design incorporates Oceanic's Dry Snorkel Technology, drop-away flex mouthpiece, oversized purge valve for easy clearing, and replaceable 100% liquid silicone mouthpiece into a comfortable and functional snorkel ready for any adventure.

Dry Snorkel Technology virtually eliminates water entry

Oversized purge valve for easy clearing

Quick-release swiveling snorkel keeper

Drop-away smooth bore flex mouthpiece

Replaceable 100% liquid silicone mouthpiece

ULTRA DRY €€

Designed to be exactly what its name suggests, the Ultra Dry snorkel incorporates Oceanic's Dry Snorkel Technology into an ultra-low profile product that is ergonomically designed for comfort and function.

Efficient dual exhaust valves for easy clearing

Drop away flex mouthpiece

Replaceable 100% liquid silicone mouthpiece

ULTRA SD €€

The Ultra SD (Semi-Dry) employs a deflector to stay dry in waves and wind. The design also incorporates a drop-away flex mouthpiece, oversized purge valve for easy clearing and a replaceable 100% liquid silicone mouthpiece.

Patented dry top deflector prevents water entry

Drop-away flex mouthpiece

Oversized purge valve for easy clearing

Replaceable 100% liquid silicone mouthpiece

ARID €€

The Arid includes a dry top deflector to reduce water entry, a drop-away flex mouthpiece, an oversized purge valve for easy clearing and a replaceable 100% liquid silicone mouthpiece.

Patented dry top deflector prevents water entry

Drop-away flex mouthpiece

Oversized purge valve for easy clearing

Replaceable 100% liquid silicone mouthpiece

POCKET SNORKEL €€

For divers that dislike wearing a snorkel, but know that they should always be prepared, Oceanic provides an innovative solution. The Pocket Snorkel folds neatly and out of the way in your BC pocket when not in use.

Patented dry top deflector prevents water entry

Drop-away flex mouthpiece

Oversized purge valve for easy clearing

Patented Snorkel Lock allows easy removal and attachment

Replaceable 100% liquid silicone mouthpiece

Folded dimensions: 7 in (17.8 cm) x 4 in (10 cm) x 2.5 in (6.3 cm)

PREDATOR €€

The Oceanic Predator line is designed specifically for freedivers and open water hunters, but with the ease of use and quality one can expect from Oceanic.

The Oceanic Predator Snorkel is a simple yet functional, old-school snorkel design. It's so sleek that freedivers never have to worry about valves or moving parts that can disrupt a freedive. The Predator Snorkel offers the simplicity that a freediver demands with effortless breathing performance.

Simple, functional "J" Style snorkel

Durable, lightweight and low profile

Easy-to-use rubber snorkel keeper

No valves or moving parts

Available in multiple colors

YOUTH SNORKELING SET

€

ADULT SNORKELING SET €

The Adult Snorkeling Set includes the following:

Mask: Oversized tempered glass lenses with a wide field of vision providing a panoramic view. The hypoallergenic silicone skirt fits a wide variety of faces. The strap is wide and comfortable and made from a soft material that prevents hair entanglement and slippage. Further maximizing comfort, the large adjustment buckle guarantees a pain- and pinch-free fit. It also includes an integrated, no hassle snorkel keeper.

Snorkel: From pool to reef, this dry top snorkel gives you confidence that each inhalation is dry, safe and effective. Also features a soft silicone mouthpiece to prevent jaw fatigue and a purge valve to remove residual water.

Fins: Featuring a dynamic X shape balancing power and comfort, with a super channel winglet designed blade for improved efficiency. Techno Polymer and high-performance Thermoplastic rubber are featured throughout the fins for efficiency and durability. Adjustable silicone heel strap comfortably accommodates a wide range of foot sizes (2 sizes S/M [men's 5-9/women's 7-11] and L/XL [men's 9-12/women's 11+]).

Mesh carry bag: To easily carry your snorkel gear to the water and back.

COMFORTABLE MASK: Features a silicone skirt that prevent leaks but fits comfortably on the face. The mask strap is wide and made from a soft material that prevents hair entanglement and slippage.

OVERSIZED LENS DESIGN: Two lens design that provides incredible field of vision for swimming in any body of water. Lenses are made from tempered glass for added strength.

HIGH QUALITY SNORKEL: Dry top that prevents water from entering, silicone mouthpiece to prevent jaw fatigue, and a purge valve to remove residual water

HIGH PERFORMANCE FINS: X-shape frame with thrust channels to provide power without muscle strain. Adjustable silicone heel strap. Soft, dimpled rubber hugs the ankle without overbinding.

THE OCEANIC WARRANTY

Our commitment does not end when you buy an Oceanic product. Long after the initial sale, we provide prompt and professional after-sales service and warranties to keep your gear working well and looking good.

Product Registration

Product registration is an important step toward enjoying your new Oceanic Product. Registering helps us facilitate warranty service, and permit us to contact you should your product require an update or other service.

REMEMBER, NOT REGISTERING YOUR PRODUCT DOES NOT DIMINISH YOUR WARRANTY RIGHTS.

Please retain your original dated sales receipt for your records. For warranty service of your Oceanic Product you will need to provide a copy of your dated sales receipt obtained from an Authorized Oceanic Dealer to confirm warranty status.

Regulators	Materials & Construction	Limited lifetime* & "Oceanic for Life" Free Parts Program * All regulators have a 2 Year/200 dive service interval. Proof of annual inspection required to qualify for program.
Buoyancy Compensators	Materials & Construction Requires Annual Service	Five-year from date of purchase.
Oceanic+ Dive Housing	Materials & Construction	Limited 1-year warranty on the Oceanic+ Dive Housing only. *See Dive Housing Warranty section for additional details
Digital Instruments	Materials & Construction Requires Annual Service	Two-year from date of purchase
Analog Instruments	Materials & Construction Requires Annual Service	One-year from date of purchase
Non-Warranty Instrument	Materials & Construction	One-year from date of purchase
Masks, Snorkels, Fins	Materials & Construction	One-year from date of purchase
Wetsuits	Materials & Construction	One-year from date of purchase
Bags	Materials & Construction	One-year from date of purchase

THE OCEANIC WARRANTY CONT.

"Oceanic for Life" Program

The Oceanic for Life Program offers FREE annual maintenance parts for as long as you own your Oceanic regulator and maintain the terms specified below. This program applies to all Oceanic Regulators purchased and serviced through an Authorized Dealer. Register your product and you are automatically enrolled in the program. There is no additional charge for this program.

This program allows for parts to be provided at no charge for as long as the owner maintains the terms specified below. Individual dealer participation in this program is voluntary. A dealer is only obligated to honor service agreements that they have issued. Any Authorized Oceanic Dealer may, at their option, honor a service agreement issued by another dealer.

All products must be inspected and/or serviced by an authorized Oceanic Service Technician.

All labor fees incurred in overhaul service are the responsibility of the owner of the product serviced. This includes, but is not limited to inspection, overhaul or other services performed.

To maintain the program, you must show proof of authorized service within the specified warranty period (outlined below). This agreement is null and void if service is not performed within the specified warranty period.

This Oceanic for Life program is non-transferable and valid for the life of the original owner.

This agreement, and Oceanic' liability, is limited to the replacement parts. Oceanic makes and customer receives no other warranties or conditions on parts provided by Oceanic, express, implied, statutory, or in any communication with customer, and Oceanic specifically disclaims any implied warranty of merchantability of fitness for a particular purpose. In no event will Oceanic be liable for lost profits, punitive, exemplary, incidental, consequential or special damages. In any event, Oceanic' liability shall not exceed the purchase price of the original equipment.

The Oceanic for Life program does not apply to, and Oceanic will have no obligation to replace, parts with defects or damage caused by misuse, accident, external causes, or installation error.

Warranty Details - General Product Warranty

Oceanic guarantees, to the original purchaser only, that the equipment purchased is free of defects in material and/or workmanship under normal recreational scuba use, provided proper care and maintenance have been performed as prescribed by the owner's guide or instruction card included with the equipment for the period outlined below. Should this product prove to be defective for any reason (other than those listed as limitations below) the product will be serviced or replaced at Oceanic' sole discretion at no charge (excluding shipping and handling) according to the product specific warranty coverage. This includes digital instruments which for any out of box failures they will be replaced with a new unit, while any units that have been used and under the warranty period will be diagnosed and repaired or replaced at our discretion. Any express replacement requests require approval by our technical support team.

THE OCEANIC WARRANTY CONT.

***Limited Lifetime Regulator Warranty**

Oceanic guarantees, to the original purchaser only, that the metal valve and metal components used in Oceanic regulators purchased are free of defects in material and/or workmanship under normal recreational scuba use for the lifetime of the regulator, provided proper care and maintenance have been performed as prescribed by the owner's guide or instruction card included with the equipment, and that the regulator is:

1. Purchased from an Authorized Oceanic Dealer.
2. Inspected or serviced annually by an Authorized Oceanic Dealer as outlined in the LIFETIME PARTS REPLACEMENT SERVICE AGREEMENT. ONLY products purchased from Authorized Oceanic Dealers are eligible for ANY warranty or service program coverage. Products not purchased from an authorized source MAY NOT be authentic, be complete, have all design and production updates, meet Oceanic's performance and quality standards, and may have been tampered with.

***Oceanic+ Dive Housing Limited 1-Year Warranty**

Oceanic+ provides a limited 1-year warranty on the Oceanic+ Dive Housing and related accessories sold by Oceanic. This warranty covers defects in materials and workmanship under normal use, in accordance with the published specifications. The warranty is valid only for the original purchaser and is not transferable. If the product is found to be defective within the warranty period, Oceanic+ will either repair or replace the product at its discretion, free of charge. The product will be repaired or replaced with a new or refurbished product of equal value. For extended warranty information please see the extended warranty section.

Exclusions: The warranty does not cover any damage to smartphones, other electronic devices, or other products used in connection with the Oceanic+ Dive Housing. The user assumes some risk of flooding or other failures when the product is used. This warranty does not cover damage resulting from misuse, abuse, normal wear and tear, or unauthorized modifications or repairs. It also does not cover any consequential or incidental damages arising from the use of the product.

Warranty Claims: The user is responsible for shipping the product to Oceanic+ for any warranty claim. Oceanic+ will cover the cost of return shipping. To initiate a warranty claim, the user should contact Oceanic+ customer service for instructions on how to return the product. Oceanic+ reserves the right to request additional information or documentation to verify the warranty claim.

This warranty is in lieu of all other warranties, whether express or implied, including any warranties of merchantability or fitness for a particular purpose. Oceanic+ shall not be liable for any special, incidental, or consequential damages resulting from the use of this product, even if advised of the possibility of such damages.

For more information about the Oceanic warranty, please visit www.oceanicworldwide.com/warranty/
