

2026 BUYER'S GUIDE

STAHL SAC[®]

GO ANYWHERE

Stahlsac is a company built on

**QUALITY,
DURABILITY &
TOUGHNESS,**

and we are divers, surfers, kayakers,
and explorers. We are adventurers.

This business was founded by one man
determined to build a better watersports bag.

Today that mission is carried on by many, with the
same commitment to excellence and love of the water.

True adventure doesn't just present itself; we have to
seek it out. And there's no telling where we might find
it. So when we design a watersport bag, we make sure it's
tough enough to get you wherever you want to go. And when
you want to push the boundaries of adventure, only a Stahlsac
bag lets you truly ...

GO ANYWHERE.

STAHL SAC GUARANTEE

Our guarantee is as functional and straightforward as our products. All Stahlsac products carry a lifetime limited warranty against defects in materials and workmanship. In the unlikely event that a problem arises as a result of a defect in our materials or workmanship, we will promptly repair or replace the item. As with any product, it should be expected that luggage and mesh gear bags will show wear with use over time, even when used properly, and will eventually deteriorate after prolonged usage in the sun, salt and water. These items will eventually need to be put to rest and replaced. For any damage due to improper usage, negligence, or post purchase alteration, we will be happy to provide you with prompt, high quality repair service at a nominal cost. You will find that we apply the same standard of excellence to our customer service as we do to our products. Luggage sent in for repair must be clean; please rinse off and completely dry the article before returning it. All repairs and warranties are handled through your local Stahlsac retailer with proof of purchase.

ABYSS DUFFELS

Made to be your partner-in-crime on every adventure, StahlSAC's Abyss Duffels protects your gear from Mother Nature's worst. Tough and 100% waterproof double-TPU nylon material shrugs off daily wear-and-tear and RF-welded seams further boost the bag's potential for lifelong exploring. Get Wet. Get Lost. Go Anywhere—with Abyss.

- A weatherproof duffel for trips, travel and adventure
- Ultra-durable double-TPU nylon protects your gear
- Material repels water and keeps your equipment dry
- RF-welded seams are flush, tough and waterproof
- Removable straps transform duffel into backpack
- Zippered internal stow compartments carry essentials
- External zippered flap is easy to open and close
- Welded external handles make transporting a breeze

“ **GET A GRIP** Test divers liked bags that featured multiple, well-placed grips for lifting and handling the bag, such as the Abyss duffel, which features a pair of sturdy handles on each side of the bag. The added leverage makes a huge difference when placing luggage on a scale while checking in to a flight or handing off your kit to a crewmember while boarding a boat—especially for a larger bag and heavier loads of gear. ”

MESH BAGS

Our tough, snag-resistant mesh is not only lightweight, but stands up to anything and everything you put it through. When compared to a rubber mesh bag that can dry out and crack or tear easily, our snag-resistant mesh has a natural built-in tear resistance and will never dry out.

HOLDS EVERYTHING EXCEPT WATER

Whether your customers want to go hands-free or simply need a bag to transport wet gear from one place to another, we have a variety of mesh backpacks and duffels for any amount of gear. Tough, snag-resistant mesh that won't dry out, crack or tear easily like rubber mesh and 420 Denier Nylon packcloth with reinforced bottom, these bags have thoughtfully placed wet and dry pockets and other logical solutions to keep gear organized. With many different colors and sizes to choose from, we have the toughest, most dependable mesh bags in the industry. They hold everything... but water.
